## GET THE DENT MAGIC ADVANTAGE ...

**Why is Dent Magic's minor dent and hail damage removal superior** to conventional auto body shop repairs?

No matter if your vehicle is the victim of hail or shopping cart damage, Dent Magic is here to help you! Dent Magic's state-of-the-art paintless dent removal repair techniques maintains the integrity of your vehicle's original factory finish. It's the system-of-choice used to remove minor dents and hail damage on the factory floor of major car manufacturers.

Fred Quackenbush  
President

**"Experience has taught me there can be NO substitute for quality."**

### No paint mis-matches

The paintless dent removal process is non-abrasive and environmentally friendly using no body filler, sanding or painting. No harmful toxins or chemicals are used, leaving your vehicle dust and odor free.

### Using our signature line of custom-designed hand tools,

our highly-skilled Dent Magic PDR techs manipulate and work the dents out from behind the panel, leaving your vehicle's paint and finish intact — which also keeps its resale value intact.

**We have the know-how to access the dent** on all makes and models of automobiles, both foreign and domestic. And because Dent Magic designs the tools that we need to get to the hard-to-reach areas on roofs, trunk, doors and fenders; we eliminate creases and body lines that some of our competitors leave behind.

### Saves you time!

The Dent Magic advantage reduces the time spent waiting for your vehicle while it's stuck in the shop — a cut above traditional body shop techniques. Hail damage can often be repaired in one day and door dings can even be repaired while you wait.

### Saves you money!

Because repairs can be completed in hours rather than days or weeks — that shows up on your bill. And we work with all major insurance companies to process your claim, keeping your experience hassle-free.

### That's quality and convenience!

Unless we advise you otherwise, your repairs will be completely and permanently invisible. That promise is covered by a written warranty good for as long as you own your vehicle.
